

Environment is very important to the success of young people. When teenagers feel physically and socially safe, they thrive. Value Up exists to help schools develop and maintain a healthy climate.

Here is what we are saying to students

Everyone has value including you! Take time to invest in yourself!
Substance abuse can be self medication for deeper issues.
Digital citizenship. Managing social media to be positive.
Everyone has a story. Walk a mile in other people's shoes.
A true leader knows the difference between being liked and being respected. Having the courage to do the right thing when it matters.

What they are saying about us

“Social anxiety among teenagers is a huge issue today which manifests itself in so many negative ways. Value Up addresses the social aspects of school like no other program I have ever seen. They were excellent.” Matt Hamilton, East Jordan MI

“After being in countless activities, assemblies and speakers over 13 years, Value Up was the most impactful program we have ever scheduled.” Russ Sojourner, TCA CO

“I am quite sure that in my 15 year career in education, I have heard a minimum of 20 motivational presentations either at teacher orientations or student leadership events. There is no doubt in my mind that Value Up is the very best I have ever heard.” Kerby Baier, Wright WY

“Value Up does not just simply note the symptoms of an unhealthy school environment and undesirable behaviors we battle in our schools and communities, It also provides a systematic approach on how to make the necessary changes. Value Up is a road map for positive change.” Matt Dunning, Rawlings County HS KS
